

672D106F100CD4D

Part Number: 672D106F100CD4D

Manufacturer: Electro-Films (EFI) / Vishay

Description: CAP ALUM 10UF 100V RADIAL

Data sheet:  672D Series

RoHs Status: Contains lead / RoHS non-compliant

Ship From: Hong Kong

Shipment Way: DHL/Fedex/TNT/UPS/EMS

| Detailed Description                                                                                                                                                                                                                                                                                                                                                                                                                   | 10µF 100V Aluminum Electrolytic Capacitors Radial, Can 10 Ohm @ 120Hz | Capacitance                        | 10µF                               |
| Applications                                                                                                                                                                                                                                                                                                                                                                                                                           | General Purpose                                                       |                                    |                                    |
| Component-World.com is a Reliable Stocking Distributor of Electronic Components. We specialize in all Electro-Films (EFI) / Vishay series electronic components. We have 43858 pieces of Electro-Films (EFI) / Vishay 672D106F100CD4D in stock available now. Request a quote from electronics components distributor at Component-World.com, our sales team will contact you within 24 hours.<br>RFQ Email: info@Components-World.com |                                                                       |                                    |                                    |
