

74FCT163373CPAG

Integrated Device Technology

Part Number: 74FCT163373CPAG

Manufacturer: IDT (Integrated Device Technology)

Description: IC TRANSP LATCH 16BIT D 48-TSSOP

Data sheet:  [IDT74FCT163373A/C](#)

RoHs Status: Lead free / RoHS Compliant

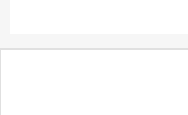

Ship From: Hong Kong

Shipment Way: DHL/Fedex/TNT/UPS/EMS

| Delay Time - Propagation                                                                                                                                                                                                                                                                                                                                                                                                                                                                          | 1.5ns                                     | Current - Output High, Low      | 8mA, 24mA                                                    |
| Circuit                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           | 8:8                                       | Base Part Number                | 74FCT163373                                                  |
| Component-World.com is a Reliable Stocking Distributor of Electronic Components. We specialize in all IDT (Integrated Device Technology) series electronic components. We have 81974 pieces of IDT (Integrated Device Technology) 74FCT163373CPAG in stock available now. Request a quote from electronics components distributor at Component-World.com, our sales team will contact you within 24 hours.<br>RFQ Email: <a href="mailto:info@Components-World.com">info@Components-World.com</a> |                                           |                                 |                                                              |
