

AWG28-14/F-1/300

**ASSMANN**  
WSWcomponents

**Part Number:** [AWG28-14/F-1/300](#)

**Manufacturer:** [ASSMANN WSW Components](#)

**Description:** CBL RIBN 14COND 0.039 MULT 50'

**Data sheet:**  [AWG28-xx/F-1/300 Drawing](#)

**RoHs Status:** Lead free / RoHS Compliant

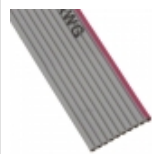

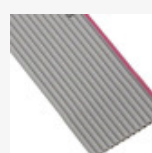

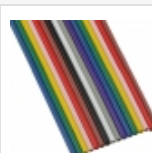

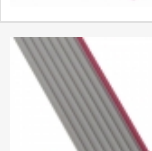

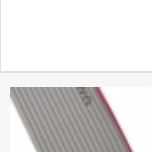

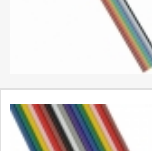

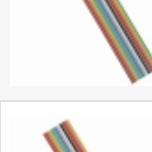

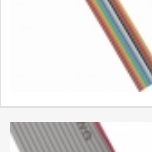

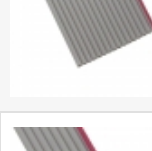

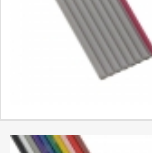

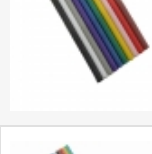

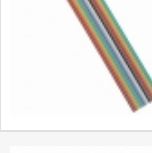

**Ship From:** Hong Kong

**Shipment Way:** DHL/Fedex/TNT/UPS/EMS

| Detailed Description                                                                                                                                                                                                                                                                                                                                                                                                                                                      | Flat Ribbon Cable Multiple 14 Conductors 0.039" (1.00mm) Flat Cable 50.0' (15.24m) | Conductor Strand               | 7 Strands / 36 AWG                       |
| Conductor Material                                                                                                                                                                                                                                                                                                                                                                                                                                                        | Copper, Tinned                                                                     | Cable Type                     | Flat Cable                               |
| Component-World.com is a Reliable Stocking Distributor of Electronic Components. We specialize in all ASSMANN WSW Components series electronic components. We have 4755 pieces of ASSMANN WSW Components AWG28-14/F-1/300 in stock available now. Request a quote from electronics components distributor at Component-World.com, our sales team will contact you within 24 hours.<br>RFQ Email: <a href="mailto:info@Components-World.com">info@Components-World.com</a> |                                                                                    |                                |                                          |
