

MC14538BDTR2G

ON Semiconductor®

Part Number: [MC14538BDTR2G](#)

Manufacturer: [AMI Semiconductor / ON Semiconductor](#)

Description: IC MULTIVIBRATOR DUAL 16-TSSOP

Data sheet:  [MC14538B](#)

RoHs Status: Lead free / RoHS Compliant

Ship From: Hong Kong

Shipment Way: DHL/Fedex/TNT/UPS/EMS

| Detailed Description                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 | Monostable Multivibrator 95ns 16-TSSOP    | Current - Output High, Low       | 8.8mA, 8.8mA                                         |
| Base Part Number                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     | 4538                                      |                                  |                                                      |
| Component-World.com is a Reliable Stocking Distributor of Electronic Components. We specialize in all AMI Semiconductor / ON Semiconductor series electronic components. We have 308538 pieces of AMI Semiconductor / ON Semiconductor MC14538BDTR2G in stock available now. Request a quote from electronics components distributor at Component-World.com, our sales team will contact you within 24 hours.<br>RFQ Email: <a href="mailto:info@Components-World.com">info@Components-World.com</a> |                                           |                                  |                                                      |
