

PS9551L4-AX

**Part Number:** [PS9551L4-AX](#)

**Manufacturer:** [CEL \(California Eastern Laboratories\)](#)

**Description:** IC OP AMP ISOLATION 8SMD

**Data sheet:**  [Optocoupler Design Guide](#)  
 [Optocouplers with Options Guide](#)  
 [PS9551L4](#)  
 [Optocouplers + SSR Brochure](#)

**RoHs Status:** Lead free / RoHS Compliant

**Ship From:** Hong Kong

**Shipment Way:** DHL/Fedex/TNT/UPS/EMS

| Category                       | <a href="#">Integrated Circuits (ICs)</a> | Voltage - Supply, Single/Dual (±) | 4.5 V ~ 5.5 V                                                                                                                                                          |
| Voltage - Input Offset         | 3mV                                       | Supplier Device Package           | 8-SMD Gull Wing                                                                                                                                                        |
| Slew Rate                      | -                                         | Series                            | NEPOC                                                                                                                                                                  |
| Packaging                      | Bulk                                      | Package / Case                    | 8-SMD, Gull Wing                                                                                                                                                       |
| Output Type                    | -                                         | Other Names                       | PS9551-AX<br>PS9551-AX-ND<br>PS9551L4AX                                                                                                                                |
| Operating Temperature          | -40°C ~ 85°C                              | Number of Circuits                | 1                                                                                                                                                                      |
| Mounting Type                  | Surface Mount                             | Moisture Sensitivity Level (MSL)  | 1 (Unlimited)                                                                                                                                                          |
| Lead Free Status / RoHS Status | Lead free / RoHS Compliant                | Detailed Description              | Isolation Amplifier 1 Circuit 8-SMD Gull Wing                                                                                                                          |
| Current - Supply               | 14.5mA                                    | Current - Output / Channel        | 10mA                                                                                                                                                                   |
| Current - Input Bias           | 800nA                                     | Base Part Number                  | PS9551                                                                                                                                                                 |
| Amplifier Type                 | Isolation                                 |                                   |                                                                                                                                                                        |

Component-World.com is a Reliable Stocking Distributor of Electronic Components. We specialize in all CEL (California Eastern Laboratories) series electronic components. We have 8966 pieces of CEL (California Eastern Laboratories) PS9551L4-AX in stock available now. Request a quote from electronics components distributor at Component-World.com, our sales team will contact you within 24 hours.
