

S-89110BFM-H4A-TFU

Part Number: [S-89110BFM-H4A-TFU](#)

Manufacturer: [SII Semiconductor Corporation](#)

Description: IC OP AMP CMOS 180KHZ 8TMSOP

Data sheet:  [S-89110A/89120A](#)

RoHs Status: Lead free / RoHS Compliant

Ship From: Hong Kong

Shipment Way: DHL/Fedex/TNT/UPS/EMS

| Current - Supply                                                                                                                                                                                                                                                                                                                                                                                                                                                                            | 50μA                                      | Current - Output / Channel        | 9mA                                           |
| Current - Input Bias                                                                                                                                                                                                                                                                                                                                                                                                                                                                        | 1pA                                       | Amplifier Type                    | CMOS                                          |
| Component-World.com is a Reliable Stocking Distributor of Electronic Components. We specialize in all SII Semiconductor Corporation series electronic components. We have 245879 pieces of SII Semiconductor Corporation S-89110BFM-H4A-TFU in stock available now. Request a quote from electronics components distributor at Component-World.com, our sales team will contact you within 24 hours.<br>RFQ Email: <a href="mailto:info@Components-World.com">info@Components-World.com</a> |                                           |                                   |                                               |
