

S-89713B-I8T1U

SII

SII Semiconductor Corporation

Part Number:

S-89713B-I8T1U

Manufacturer:

SII Semiconductor Corporation

Description:

IC OP AMP CMOS RR 240KHZ SNT-8A

Data sheet:

 [S-89713 Series](#)

RoHs Status:

Ship From:

Hong Kong

Shipment Way:

DHL/Fedex/TNT/UPS/EMS

| Detailed Description                                                                                                                                                                                                                                                                                                                                                                                                                                                                    | CMOS Amplifier 2 Circuit Rail-to-Rail SNT-8A | Current - Supply                  | 330µA                                         |
| Current - Input Bias                                                                                                                                                                                                                                                                                                                                                                                                                                                                    | 70pA                                         | Amplifier Type                    | CMOS                                          |
| Component-World.com is a Reliable Stocking Distributor of Electronic Components. We specialize in all SII Semiconductor Corporation series electronic components. We have 127566 pieces of SII Semiconductor Corporation S-89713B-I8T1U in stock available now. Request a quote from electronics components distributor at Component-World.com, our sales team will contact you within 24 hours.<br>RFQ Email: <a href="mailto:info@Components-World.com">info@Components-World.com</a> |                                              |                                   |                                               |
