

SEK100M050ST

**Part Number:** [SEK100M050ST](#)

**Manufacturer:** [Cornell Dubilier Electronics](#)

**Description:** CAP ALUM 10UF 20% 50V RADIAL

**Data sheet:**  [SEK Type](#)

**RoHs Status:** Lead free / RoHS Compliant

**Ship From:** Hong Kong

**Shipment Way:** DHL/Fedex/TNT/UPS/EMS

| Detailed Description                                                                                                                                                                                                                                                                                                                                                                                                                 | 10µF 50V Aluminum Electrolytic Capacitors Radial, Can 15.92 Ohm 2000 Hrs @ 105°C | Capacitance                        | 10µF                                         |
| Applications                                                                                                                                                                                                                                                                                                                                                                                                                         | General Purpose                                                                  |                                    |                                              |
| Component-World.com is a Reliable Stocking Distributor of Electronic Components. We specialize in all Cornell Dubilier Electronics series electronic components. We have 381225 pieces of Cornell Dubilier Electronics SEK100M050ST in stock available now. Request a quote from electronics components distributor at Component-World.com, our sales team will contact you within 24 hours.<br>RFQ Email: info@Components-World.com |                                                                                  |                                    |                                              |
